

# The best legacy: a clean footprint on the environment

December is a time to reflect on the past 12 months and make resolutions for the coming year. Along with personal improvements, consider making a commitment to future generations by decreasing your impact on the environment. Silicon Valley Power makes it easy for its customers to conserve energy by following practical tips provided on its energy hotline at (408) 244-SAVE (7283), and offers rebates for energy-efficient lighting and appliances and free audits.

Recycle more. Drive less. Conserve water. Turn off lights and appliances when not in use. The City of Santa Clara is concerned about environmental issues and committed to sustainable solutions. Join in, and help to keep the water, land and air of our Earth clean and resourceful for centuries to come.

# SUSTAIN
